Slopes are a major factor related to loss-of-control and tip-over accidents with commercial mowers, which can result in serious injury or death.

**If your machine is equipped with a foldable ROPS,** keep it in the fully extended and locked position whenever possible and use the seat belt. Do not fasten the seat belt if ROPS is in the folded position.

**If your machine is equipped with a fixed roll over protective structure (ROPS)** the seat belt should be used at all times.
